

## **When I Saw You – by Liza Rae**

E run/A

When I saw you, I wondered if you knew  
How much my heart beat, how cute were your tiny feet

E run/A

When I held you, I wondered if you felt  
The heat of my arms snuggling you close and warm

E run/A

When I heard you I wondered if your coo would stop all the  
sadness In the world and bring gladness

Stop the pain, move instead to peace in this chaos

New dreams born rise up and form the next generation

Erun/A

No matter what they say, I'll remember you this way  
You sparkle, you shine – o baby of mine

E run/A

When I saw you...
